TARIFF DISCUSSION

Sugar Schedule Now Receiving Consideration in Senate.

FIGHT BETWEEN REPUBLICANS

Charge Made That Sugar Will be Specially Favored—Taft Said to Favor Independence of Philippines.

(By Wire to the Morning Star.)

Washington, June 14.—Sugar was the stirring subject before the Senate today. It was brought to the front in connection with the consideration of the finance committee's substitute for the House provisions of the tariff bill regulating the admission of Philippine articles into the United States and it continued to receive practically the undivided attention of the Senate throughout the day. During the first hour that the amendment was before the Senate there was some discussion of the effect of the provisions on the tobacco interest of Connecticut but an amendment looking to the introduction of Connecticut tobacco into the Philippines for wrappers had the effect of relieving the situation in that quarter. Immediate attention was then directed to the clauses providing a duty on sugar admitted into the Philippines equal to that on sugar brought into the United States and exempting 300,000 tons of Philippine sugar from duty when brought into the United States. Senator Bristow criticised both provisions, and his criticisms opened the way for a general debate which was participated on the one side by Messrs. Bristow and Clapp, and on the other by Senators Aldrich and Lodge.

It was contended on the one hand that the two provisions combined were intended to promote the interests of the American Sugar Trust and not to benefit the Philippine producers, while it was argued by the supporters of the provision that to admit sugar into the islands free of duty would be to open the way for its free admission into this country. It was also argued that the sugar producers of the Philippines would be directly benefitted by the admission of their sugar into the United States without requiring the payment of a duty on it.

The only vote taken during the day's session was on an amendment by Mr. Bristow admitting sugar into the Philippines free of duty. It was lost 11 to 49.

Senator Stone, of Missouri, gave notice that he would soon offer an amendment declaring for the independence of the Philippine islands within 15 years, an agreement having been meanwhile arrived at with the world powers for the maintenance of the independence of the islands.

It was freely stated around the Senate chamber that the Philippines paragraph had the endorsement of President Taft in his own handwriting, and late in the day Senator Aldrich stated that it had been endorsed by the President. Senator Clapp expressed incredulity on that point.

The Senate at 5:30 o'clock took a recess until 8 o'clock.

A FATAL STORM IN VIRGINIA

Five Persons Killed and Damage Upward of $100,000 in Vicinity of Big Stone Gap—Trains Stranded, Crops Injured.

(By Wire to the Morning Star.)

Richmond, Va., June 14.—A special from Big Stone Gap, Va., says:

Five deaths are reported and damage to property estimated at upwards of $100,000 as the result of rains and electrical storms which swept over this section Saturday night and yesterday. Railroad tracks were washed, causing landslides and a ten-foot rise in the sluggish Powell river in two hours.

The heaviest storm occurred Saturday night, breaking north of Big Stone Gap, along the lines of the Louisville & Nashville and the Inter-State Railroad. The Inter-State road lost more than two miles of road in the six miles stretch of track between Appalachia and Stonega. A passenger train was left stranded near Arno, with the track impassable on either side. Big slides occurred in deep cuts at Appalachia and Dorchester Junction. The Powell Valley Light & Power Company's plant here, which furnishes light for Big Stone Gap and other towns was put out of commission by lightning and crops were damaged.

FIREMEN'S MEMORIAL DAY.

Observed Sunday by Volunteers at Fayetteville—Exercises.

(Special Star Correspondence.)

Fayetteville, N. C., June 13.—The memorial day of the Volunteer Firemen of America was observed in this city Sunday. On this day 300,000 firemen observe these ceremonies. The Fayetteville Volunteer Fire Department under the command of Capt. James D. McNeill, chief of the department, ex-president of the National Firemen's Association, and president of the North Carolina State Firemen's Association, attended services at St. John's Episcopal church, where the memorial sermon was preached by Rev. I. W. Hughes, chaplain of the department. Some of the oldest and leading citizens, ex-members of the fire department, attended the services.

After the able sermon by the chaplain the firemen marched in a body to the Town Hall in the old Market House, where the impressive ritualistic ceremonies were observed. The roll of departed members was called and the chief answered "dead" to each name. Each fireman deposited on the roster of names a boutonneire of forget-me-nots in honor of the dead firemen. The ceremony was beautiful and impressive.

The fire department of Fayetteville, under the management of Chief McNeill, is one of the most efficient in the State. With the strong pressure available no engine is necessary and only fire plugs are used.

NAVAL STORES TRUST CASE.

Officials Convicted in Federal Court File an Appeal.

(By Wire to the Morning Star.)

New Orleans, June 14.—Another chapter was added to the record in the so-called "turpentine trust" prosecution today when officials of the American Naval Stores Company recently convicted in the Federal court at Savannah, Ga., on the charge of entering into a conspiracy in restraint of trade, filed an appeal in the United States Circuit Court of Appeals here.

The appellants are E. S. Nash, president, Spencer P. Shotter, chairman of the board of directors; George M. Boardman, treasurer; J. F. C. Meyers, vice president of the company, and Carl Moller, general manager of the National Transportation and Terminal Company, of Jacksonville. The assignment of errors upon which the appeal is based contains 53 allegations among which are various exceptions to the charge of trial Judge Sheppard and to the fact that the verdict was presented against the defendants as inividuals and that no mention was made of their connection with the American Naval Stores Company.

GOULD WINS POINT

Plea of Abandonment Sole Issue in Divorce Case.

MRS. GOULD'S PAST LIFE

Evidence to Show She Associated With Buffalo Bill—Cruelty and Non-support Phases Not Part of the Case.

(By Wire to the Morning Star.)

New York, June 14.—Abandonment will be the sole issue upon which the suit for separation brought by Katherine Clemmons Gould against her husband, Howard Gould, third son of the late Jay Gould, will be decided. This ruling was made late today in the Supreme Court by Justice Dowling after counsel for Mrs. Gould had rested the case for the plaintiff. This sweeps away several phases of the case, notably cruelty and non-support, and is a partial victory for Howard Gould. As to the charge of abandonment the court held that this too, might not stand unless the plaintiff was able to show that Howard Gould's stipulations for reconciliation with his wife were unreasonable. This phase will be argued tomorrow.

George Gould, a brother of the defendant, testified today. Mrs. Gould was excused from the stand after three days of searching cross examination.

After the case for the plaintiff was rested, Delancey Nicoll, for the husband, made the usual motion to dismiss the suit on the ground that the plaintiff had failed to make out a case. "There have been no evidences of cruelty," he argued.

Referring to the abandonment charge, Mr. Nicoll said Howard Gould left his wife in July, 1906, but offered to return on perfectly reasonable terms, among other things her abstention from intoxicating liquors. Mrs. Gould, he continued, refused.

During the foregoing argument Mrs. Gould became faint, left the court room and did not return. Then her counsel, Clarence Shearn, began argument against the motion of the defense to dismiss. It is cruelty, he affirmed, "for a husband without justification, to accuse his wife of being a bad character or to entertain against her, without cause, reflections against her honor. What kind of a conspiracy was Mr. Nicoll engaged in," he asked, "when he got habitues of a saloon to work in the purpose of proving Mrs. Gould a woman of bad repute? That was the acme of cruelty. Howard Gould's attempt to have his wife pledge herself not to drink in itself constitutes cruelty."

It was this clause in the agreement the husband had asked the wife to sign before he would consent to live with her again that Mrs. Gould most strongly objected to.

"What," she exclaimed earlier in the day, during cross examination, "have me sign myself a drunkard? Never!"

Inasmuch as the abandonment charge only is to be considered tomorrow, there will be no further mention of Buffalo Bill, "Big" Hawley, the former convict, or Ed Sholes, the reputed gambler. But it still leaves open the question of Mrs. Gould's indulgences in intoxicants.

Mr. Nicoll's most pertinent and apparently embarrassing thrust in today's examination of Mrs. Gould was the exhibition of a faded, old fashioned photograph of a young woman sitting on a white horse, with the white canvas of a circus tent in the background. Mrs. Gould turned a dull red as it was shown, but she would not identify the photograph as one of herself, nor would she swear that it was not. She thought it was "hardly fat enough for me."

This picture was introduced to show Mrs. Gould's former association with Buffalo Bill. She had previously stated that she was in no way connected with the Wild West show, though admitting that she traveled at times with Colonel W. F. Cody and his daughter.

Mrs. Gould made one cutting retort to her inquisitor. Mr. Nicoll had been asking the witness about her gowns and what became of them. They were given away, Mrs. Gould testified. One of them, she shot in, "was given to your own sister, who is on the stage. I have aided many poor girls to get stage engagements by equipping them with my discarded gowns."

"Did it become her?" was Mr. Nicoll's only rejoinder.

The name of Dustin Farman, the actor, was again brought in, and Geo. Gould told of how he had instituted an investigation to ascertain the facts concerning an alleged marriage of the plaintiff before she became his brother's wife.

Mrs. Gould testified that her costuming cost her $35,000 to $40,000 a year. She said that Palm Beach was perhaps the most fashionable place in the world.

Mrs. Gould said she changed her gowns at least three times a day at Palm Beach and wore her handsomest grows at "rolling chair time," and "tea time." She never wore the same gown twice and gave most of them away when she returned to New York where her social position required an entirely different outfit.

"What would happen if you wore one of those gowns twice?" asked Mr. Nicoll.

"It would be considered very bad form—very bad," Mrs. Gould replied.

In New York, the witness said, her social position required her to change her entire costume at least three or four times a day.

INCOME TAX FIGHT

President Taft Backing Opponents of Sen. Bailey's Amendment.

THE INSURGENTS' BOLD FRONT

Will Stand With Democrats in Contest—Aldrich Making Desperate Efforts to Stave Off Action on the Question.

(By Wire to the Morning Star.)

Washington, June 14.—When the income tax question comes before the Senate for a vote next Friday, the plan of its opponents, backed by the influence of President Taft to circumvent the adoption of such a measure, will be fully outlined. Already the opponents express confidence in their inability to substitute for the income tax amendment a provision for a tax on net earnings of corporations, available for dividend purposes, coupled with a provision for the submission to the legislatures of the several States a constitutional amendment giving Congress the power to lay and collect direct taxes on incomes.

For several days it has been recognized by the opponents of the income tax question that the only way they could make certain the defeat of the proposition would be to offer something in its stead which would be acceptable to the country. Taxes on net earnings of corporations, gross receipts of corporations, dividends of corporations and other forms of corporation taxes were brought forward one after another only to meet rejection from advocates of the income tax.

It became known that President Taft disagreed with the supporters of a tax on incomes and would lend the administration's influence to bring about their defeat. But the income tax faction, numbering all of the Democratic Senators and a number of progressive Republicans variously estimated at 12 to 19, have been keeping up a bold front, refusing to be diverted from their purpose by the suggestion of different forms for corporation taxes.

Senator Aldrich discussed with the President the proposition for a tax of 2 per cent. on the undistributed net earnings of corporations, available for dividend purposes, with a provision, submitting to the States the question of adopting an amendment to the constitution giving to Congress the right to collect direct taxes on incomes.

The chairman of the finance committee agreed with the President that such a plan would be wise. It is understood that the President believes the income tax question should not again be submitted to the Supreme Court, but at the same time he takes the provision, it is said, that Congress should be given the power to levy taxes on incomes. It is his theory, according to the members of the Senate who have talked with him, that the right of Congress to levy such a tax should be determined as soon as possible in order that this method of raising revenues should be accessible in time of war or emergency of any character.

Every effort will be made by Senators Borah, Cummins and Bailey, and their followers among the progressive Republican and Democratic Senators to get a direct vote in the Senate next Friday on the income tax amendment. A conference on that subject today was attended by Messrs. Cummins, Borah, LaFollette, Bailey and Clay. They sought to meet the changed sentiment in the Senate by deciding to amend the Bailey-Cummins amendment to provide for a tax on the undistributed earnings of corporations and excluding taxation dividends of corporations which are paid to individuals. This is simply another form of providing against double taxation in an income tax law.

MANEUVERS AT FORT CASWELL

Soldiers Attending Maneuvers Had Many Visitors—Monday's Features, Practices With the Big Guns Delayed—Notes.

(Special Star Telegram.)

Fort Caswell, N. C., June 14.—A large party of Wilmingtonians took advantage of the lovely weather and the trip of the steamer Wilmington to the fort yesterday, to visit the boys in camp here, and evidently enjoyed their sojourn here immensely.

The boys of the Wilmington company had a beautiful dinner ready for the visitors, after which they were shown "Uncle Sam's" fighting equipment, the big guns, and other interesting sights of the post.

A baseball game was arranged for the entertainment of the visitors between Caswell and Newbern, which proved quite a variable farce, the Newbern boys quitting after the first "spasm" Then a makeshift team was brought in to play in their place, composed of anyone, who could hold a bat, and at last accounts, they could not tell what the score was, or in whose favor the game stood.

The steamer General G. W. Getty made two trips to sea for the benefit of the Reserves and their friends, who wished to go, a good many of whom availed themselves of this opportunity for a ride on the "sad sea waves."

The visitors returned on the Wilmington in the evening and it is hoped that their stay in the post was sufficiently pleasant that they will all come again, many times.

On account of the high wind this morning, the completion of sub-caliber target practice was not carried on, but will probably continue this evening, or in the morning and service charges will be fired tomorrow.

The Reserves were all mustered this forenoon, and will be paid tomorrow. This afternoon the boys from the State military will receive instructions on position, finding instruments, and their use in coast defense.

Barring a few cases of home-sickness the boys are all in good health and fine spirits and all seem to like camp life very much. The weather man has been very threatening of late, but as yet has not emptied any water barrels to any serious extent.

CHASE AFTER YOUNG MAN.

White Man Lodged in Lumberton Jail on Several Charges.

(Special Star Correspondence.)

Lumberton, N. C., June 14.—J. Q. Ivey, a white man about 19 or 20 years of age, was placed in jail here yesterday on charges sufficient, if convicted, to give him several years on the rock pile. Ivey is charged with taking a horse from the stable of Mr. Thaggard at Pembroke Saturday, and after riding the animal a mile or two, took a buggy and harness from a colored farmer's home, who was away, and hitching up drove to Lumberton and visited in the cotton mill section.

Sheriff McNeill was notified and went in pursuit, and was in a short distance of Ivey while near the Dresden cotton mill, but he drove away before being captured. He was followed in the direction of Pembroke and when he discovered he was being pursued jumped out of the buggy and fled into the bushes. Deputy Barnes who was following him did not give up the chase, and with the aid of several assistants, arrested him early yesterday morning. When told he was wanted he snatched off his hat and made a dash to get away. He paid no attention to pistol shots fired to frighten him, but had to be run down before he could be taken. He is also said to have stolen a pair of shoes from a Croatan before he took the horse, and although quite young it is thought he has two living wives.

(By Wire to the Morning Star.)

Richmond, Va., June 14.—A special from Big Stone Gap, Va., says: A fire which broke out in the Miller House, a leading hotel of Wise, the county seat, 19 miles north of here yesterday afternoon quickly got beyond control and swept over most of the business section of the town causing $75,000 loss. About one-third of the loss is covered by insurance.

Roanoke, Va., June 14.—The buildings burned are: H. H. Dotson's residence; H. H. Dotson's store, Millers Hotel; W. B. Fulton's store, Mrs. Hales residence and store building; McElroy & Co. store building and stock of goods; C. W. The second floor contained the law offices of Kilgore and Kilgore, Vicars and Peery, Fulton and Ayres, Dotson and Bond; and Duncan and Kelly; also the general offices of the V & K. railroad; the mayor's office and the office of Doctors Hill and Hix. The Wise News building was burned, but most of the machinery was saved. The Baptist church and a store near it belonging to W .H. Roberts were destroyed.

Old Jupiter Pluvius was exceedingly kind to the Sailor lads at Goldsboro yesterday, less than five innings having been played with the score nothing to nothing when the game had to be called on account of rain. Disappointed in the effort to get Guerrant, the team went up against the Giants in anything but likely fashion with the men shifted to all kinds of positions and that they were able to withstand the onslaugnts of the Giants even for five innings was a surprise to the local fans.

Howard and Conn formed the battery for the Sailors and Stoehr and Fulton for the Giants. Reports from Goldsboro were to the effect that neither team could score in five innings and the game was called off on account of rain.

Won By Accident.

Raleigh, N. C., June 14.—A sensational accident gave the game with Rocky Mount this afternoon to Raleigh 4 to 3. It was in the eighth inning when Rocky Mount had two runs to her credit that Hemp, third baseman for Rocky Mount, attempted to throw to first base to head off a Raleigh runner and the ball struck Smith, pitcher for Rocky Mount, on the head, the ball rebounding clear over to the grandstand. Smith was badly bruised and stunned and had to be replaced by Forbes. The accident brought one man in for Raleigh and left two on bases, all four runs being scored before the visitors rallied. The score:

Instead of coming to Wilmington as all the Bugs expected, Guerrant has signed with the Highlanders.

Patton, who was released Saturday night, it is understood has gone to join Chattanooga in the Sally.

Sneeden has been given the pink slip, and didn't leave with the team for Goldsboro.

TWO KILLED IN DUEL.

Bloody Street Fight at Brook Haven, Miss—Rioting Feared.

(By Wire to the Morning Star.)

Brook Haven, Miss., It being feared that serious rioting would result in Meadville, county seat of Franklin county, Miss., as the result of a bloody street duel there late today, in which two men were killed an others are reported injured, the Brook Haven Company of Militia left at 6 o'clock for the scene by order of Governor Noel.

District Judge Wilkinson and District Attorney Wall left in company with the militia to officiate at a special session of court if the situation demand it, and to aid in the preservation of order.

The two killed in the affray were Dr. A. M. Newman, chancery clerk of Franklin county, and Silas Reynolds. Herbert Applewhite was wounded. The tragedy is though to have been a direct result of the killing of Cornelius Prichard by Dr. Newman seven weeks ago and Dr. Newman's acquittal recently on the charge of murder.

The feeling between Applewhite and Newman is said to have been bitter. On several occasions it is reported Newman had ordered the attorney from the chancery clerk's office. Applewhite was wounded in the Newman and Prichard encounter.

DANIELS-GLENN MOVEMENT.

In Sunday's Charlotte Observer, Mr. H. E. C. Bryant, the alert Washington correspondent of the Observer, sends a rather sensational budget of political news from the National Capital. What Red Buck sends is so interesting and may be of such marked significance in connection with North Carolina politics in the near future, that The Star will reproduce it for what it is worth. The Bryant article is under date of Washington, June 12th, and follows:

"The Democratic situation down in North Carolina is becoming interesting. There is much talk here of what has become known as "the Daniels-Glenn movement," which is said to contemplate the retirement of Senators Overman and Simmons and six of the North Carolina House delegation, and to elect Josephus Daniels, editor of The News and Observer, at Raleigh, now national Democratic committeeman from the State, to succeed Simmons, and former Governor Robert B. Glenn to succeed Overman. In this scheme Daniels is to do the writing and Glenn the speaking.

"It wil be recalled that it was frequently said in the last national campaign that both of these ambitious Tar Heels, Daniels and Glenn, expected Cabinet places in case of the election of William Jennings Bryan. Being disappointed in their expectations they will now strike for the Senate. As Simmons' term expires first the guns are, for the present, leveled at him. Although Simmons is daily voting against protection rates in the Aldrich bill he is denounced as a protectionist and a Republican because he refuses to consent to discriminations against the products of his State and section.

"The course of the wind is indicated by the clamor that is heard. The cry from certain quarters will be: 'Down with Simmons and the six lumber Representatives,' and, secretly, this will be added: 'Up with eight other good Democrats.'

"These are the reports that come to Washington from the Old North State. Senator Simmons is the target. His seat in the Senate is the first attractive thing in sight.

"Lines are forming, said a leading Democrat from the State. 'The quarreling of Democrats, at different times in the past, has been said to have resulted only in the making of more Democrats but it is doubtful if the assaults some North Carolina papers and individuals are making on the delegation (except one Representative) can strengthen the party.

"'As I see it, the basis of the charge against the Congressmen is that they did not vote to put lumber on the free list. Before the National conventions were held last year the press throughout the United States rang with charges that the paper mills were in a trust, and here was a demand that wood pulp and print paper be put on the free list. That cry found a response in the Denver convention; and then without there being any proper considleration of the matter, a demand was added that the tariff on lumber and timber should also be repealed.

"'This demand for free lumber was made after our North Carolina convention was held, otherwise North Carolina Democrats might have had something to say about it. It did not meet with the approval of our people.

"'In this connection, attention has been called by A. J. Maxwell, who was at the State Democratic headquarters last Summer and Fall, promoting the election of State officers as well as that of Mr. Bryan, to some of the facts of the campaign. Mr. Maxwell has declared, in effect, that there was not a single hearty endorsement of the demand for free lumber in any North Carolina Democratic paper during the contest, and that he heard many speeches but that he heard no Democratic speaker endorse free lumber. On the contrary, he asserts, that there was published and sent out from State headquarters, 200,000 copies of an article which, among other things said:

"'The manufacture of lumber is one of the great industries of the South, and one which would, for this reason, have the best wishes and protection of the Democratic party,' and further, 'They (the people) may rest assured that the Democrats would not put lumber on the free list, unless there should be coupled with it the placing on the free list of all articles entering into competition with trust-controlled articles as their platform demands, and which would tend to largely cheapen the expenses of the manufacturing of lumber.'

"This is the view taken by Senator Simmons and others, and I think it is right.

"That assurance was scattered broadcast over the State and Mr. Maxwell says 'if any Democrat criticised it I never heard of it.'

"And so it seems that the campaign in North Carolina was waged on the assurance that lumber would not be put on the free list unless the Democrats could also put trust articles on an equality and thereby reduce the cost of manufacture. Under these circumstances there was, apparently, a pledge given by the constituted authorities of the Democratic party, which it would have been bad faith for the Democratic delegation in Congress to disregard.

"Our Democratic editors who have been assailing our Congressmen have, therefore, been shooting at their Representatives without a full consideration of all the surroundings. But independent of this particular party pledge, made by the party in North Carolina, there is no good reason why a revenue duty should not be laid on lumber, as well as on anything else. So long as there were large lumber interests at the North, lumber carried a duty; now people of the Northwest want the duty removed; with the disappearance of the forests of the North they cry out for free lumber, while they stand pat for protection for other things'."

"The situation in North Carolina is not unlike the one in Virginia, or Tennessee, or other Southern States. Those who are out are after those who are in. The outbursts have selfish ring."

There you are. There may be a little or a great deal in what Mr. Bryant sends The Observer, but he gets his news from North Carolina Democrats who carry it to Washington. Significant of the rumor is the fact that former Governor Glenn, in a recent interview, has already vigorously condemned the votes of Senators Simmons and Overman for the retention of the duty (to some extent) on lumber. As a matter of fact, the duty on lumber is only 5 1-2 per cent. and when Senator Simmons stated his position in the Senate, he declared that he was voting for that duty because it was really on a revenue basis and not protective. We doubt very seriously whether the small duty on lumber will afford the least protection to North Carolina's great lumber industry and the most it will do may be to yield the government some needed and necessary revenue on lumber coming into the United States from Canada. The Canadian saw mills are operated at about the same expense as are the North Crolina mills but their short hauls on freight as against our long haul will far outweigh the small duty, which Canadian lumber will have to pay to the United States Government. The fact is it is a very optimistic lumberman who really expects to meet the Canadian competition for the trade in a large section of our extreme Northern territory.

North Carolinians should have nothing but commendation for the North CarolinaSenators for their wisdom and statesmanship in taking their stand on the lumber schedule. Certainly there was nothing in their action that calls for their scalps, and we say this without indicating whether or not we believe there is any truth in the story that a movement is on foot to make political capital out of the incident. We rather think it would be bad political judgment to try to make anything out of it in the extensive lumber regions of North Carolina.

RAISE ALL WE CONSUME.

The High Point Enterprise remarks:

"The continual dropping of water on one spot on a stone will in time wear a hole in that stone. The subject of rasing farm produce which is used in the State within the limits of the State is of such importance to the farmers that we feel justified in repeatedly calling attention to so vital a matter—a subject which lies at the root of the prosperity of everyone living within the borders of this grands Old North State of ours.'

The farmers should understand from the above that as long as there is a demand not now supplied by home production ,they should get busy and supply that demand from their farms. No commodity which North Carolina soil can produce should be allowed to come from without the State. As long as there is a demand not supplied by home production, it shows that our farmers should put in such crops and secure the home market.

There is no excuse for buying corn, oats, hay, butter, canned goods, and hundreds of other things which we now buy in immense quantities from other States. Keep the money at home.

We may not consume all we can produce, but we certainly ought to produce all we consume.

Senators Beveridge, Dolliver and La-Follette declare that they are standing pat on the Republican National platform by advocating revision of the tariff downward. Senator Aldrich is like a lot of Democrats—they stand on their own platforms.

"A girl cannot throw a stone" says a newspaper which likes to remind us of old sayings. She may not be able to throw a stone, but she certainly knows how to throw a fellow down hard.

The Chicago News remarks: "Prosperity has ruined more men than adversity." As most of us have tried adversity we are willing to give prosperity a chance to do its worst.

"Don't nag at a woman" advises the Jacksonville Times Union's philosopher. Such advice is superfluous. The guy who tries it once will never take such a risk again.

Madame Fay, a fortune teller is stirring up Perth Amboy, N. Y., with her revealing of the past and future. Her name suggests Fayker.

Probably if you don't give them all the protection they insist on the Trusts will take it out of us by increasing the prices.

The Eli Ray Sisters, fancy skaters are on a tour of North Carolina. In prohibition territory like this it is somewhat rare to see any one with a skate on.

CURRENT COMMENT.

—Aldrich belongs to a past generation. His appeal to patroitism and the flag, made in reply to specific charges of trickery and fraud in the Tariff bill by Dolliver, would have been good 20 years ago. It is absurd today. The flag, thank Heaven, can no longer shield plundersrs from the people's wrath.—Kansas City Star.

—The Dispatch tells of a citizen of Davidson county, a former Republican, who has turned Socialist. "The old parties are no good," says the new convert. "The Republicans took our bread away and the Democrats took our booze," continues the Davidson man, and "any party that takes my rations and likker from me won't git my vote no more." There now.—Statesville Landmark.

—The truth of the matter is that both city and country have their characteristic virtues and advantages. And while the muscles may grow stronger in the fields, the tenser life of the city streets seems to be more stimulating to the intellect, and, above all, to that imaginative faculty which forms the principal mark and instrument of genius.—New Orleans Picayune. In other words the country gives vitality and the city provides opportunity. It is an effective combination, as illustrated in the lives of thousands of ambitious men.—New York Herald.

—We have heard more fun made of Hillsboro than any town in the State We have heard it said that this is the only section in North Carolina that Cornwallis would recognize if he were here now, and yet Hillsboro township has voted bonds recently and is now building macadam roads. Shall Newton township, Catawba county, sit down and say we are not able to do what Hillsboro township, Orange county, has done? We are able to do it, we ought to do it. We ought to act the part of men and vote the bonds upon ourselves. We ought not to act the baby and sit down and wait for a set of county commissioners to do something for us.—Newton News.

—Still dissenting from Senator Simmons' premises, as we do, in the matter of his vote on the iron ore and lumber schedules, we feel that he is entirely justified in rebuking Mr. Bryan. The latter's criticism was of a character that left no room for doubt that if his counsel prevailed every one of the Democratic Senators and Representatives who did not vote as he declares he would have voted had he been in Congress would be retired to private life and be made to understand that they should thank their Creator for the privilege of following in the ranks as a private. All, too for committing no other offense than that of which Mr. Bryan has been guilty.—Salisbury Post.

—Mr. Brown (in Paris on his wedding tour)—Good heavens! If only I knew the French for Eau de Cologne! —The Throne.

—"I'm troubled a good deal with headaches in the morning," said a patient to his oculist. "Don't you think I need stronger glasses?" The oculist looked at the man closely. "No," he said. "I don't think you need stronger glasses so much as you need fewer glasses."—Ladies' Home Journal.

—"No," said Mrs. Tackpoint, "I don't want woman's suffrage. It's liable to cause embarrassment." "In what way?" "Suppose the average woman's husband is running for an office. AFFAIRS AT THE STATE CAPITAL

Revised Dates for State Guard Encampment—Number of New Enterprises—Pythian Orphanage—Charters.

(Special Star Correspondence.)

Raleigh, N. C., July 14.—A re-adjustment of the dates for the encampment of the National Guard was made today and general orders gotten out by Adjutant General J. F. Armfield. The dates finally settled upon are: Second regiment, July 8th to 14th: Third regiment with Reidsville Hospital Corps and Battery A, Charlotte. July 19th to 25th, and First regiment with Charlotte Hospital Corps, July 28th to August 3rd. The Advisory Board had decided on July 5th for the encampments to begin but it has since been found that necessary equipment cannot be gotten to certain companies in time for the earlier dates.

Morrisville, this county, is soon to have in operation a big hosiery mill being erected there by Mr. San Horn, one of the wealthiest men in that section of the county.

Bids from North Carolina towns are to be received for the next 60 days for the site for the orphanage to be established by the Grand Lodge, Knights of Pythias. George Hackney, Asheville, is chairman and J. D. Pridgen, secretary, of a special commission from the Grand Lodge to locate the orphanage.

The funeral of C. B. Edwards, Jr., was held from the residence Sunday afternoon at 5 o'clock. Rev. Livingston Johnson, corresponding secretary of the State Board of Missions, conducted the services in the absence of Dr. Tyree, pastor of the First Baptist Church. The pallbearers were Dr. J. W. McGee, Jr., Edgar E. Broughton, E. G. Birdsong, C. C. Hervey, R. L. Horton, H. Winston Davis. There is the deepest sympathy for the family.

Yet another local tax district for the improvement of public schools is reported from Wilkes county by Superintendent C. C. Wright, it being Walnut Grove, one of the largest districts in the county. The change will be from four to eight months school.

The Peck Manufacturing Co. Warrenton, received a charter today with $500,000 capital authorized and $25,000 subscribed for cotton milling and general textile business. The incorporators are Thomas D. Peck, J. M. Gardner and others.

Another charter is to the Cabarrus Driving Club, Concord, capital $10,000 by J. C. Wadsworth and others. Also the Gastonia Manufacturing Co., Gastonia, capital $50,000 by J. K. Long, Geo. Wilson and others, for cotton milling business.

HOME ENDORSEMENT.

Hundreds of Wilmington Citizens Can Tell You All About It.

Home endorsement, the public expression of Wilmington people, should be evidence beyond dispute for every Wilmington reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterance of strangers residing in faraway places. Read the following:

L. H. Partin, 7 So. Fourth St., Wilmington, N. C., says: "I can say that Doan's Kidney Pills are a good remedy for the kidneys as I used them and know whereof I speak. My back was very weak and lame and I was bothered by pains across my loins. The kidney secretions were highly colored, contained a sediment and were very painful in passage. Seeing Doan's Kidney Pills advertised, I concluded to give them a trial and procured a box at Robert R. Bellamy's drug store. They acted just as represented and it was not long before I was entirely relieved."

For sale by all dearers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

The Acclimated Piano

In buying a piano let tonal quality by all means be an important consideration—but let the chief question be, "How long will that tonal quality be maintained?"

And this is where the

Mathushek Piano

particularly excels; for this world-famous piano—40,000 in use—is built to withstand the ravages of the fickle, trying southern climate.

One of its unusual advantages is the "bushed" or insulated tuning pins which keep the tension of the strings uniform regardless of temperature or weather conditions, *making frequent tuning unnecessary, and ensuring a permanence of musical quality.*

Other Mathushek features are the Improved Muffler, or Soft Stop, and the Sostenuto or Tone-Sustaining Pedal, which is much more effective than in other pianos.

This splendid Instrument can be bought practically on rental terms. $25 cash and balance as little as $10 a month. Old piano taken in part payment.

Style 20, shown above, is the equal of any $600 piano of other makes. Its price is $450 on the easy terms just stated.

See the Mathushek before buying any piano. Write for handsome descriptive catalogue, free on request.

DR. TORRY COMES IN MARCH

Ministers and Laymen Held Interesting Meeting and Decided Upon Big Revival—May Have to Build Tabernacle.

Final action toward securing the graet evangelist, Dr. R. A. Torry, who is prominent in evangelistic circles of the world, to conduct a series of meetings during the month of March, 1910, was taken at a meeting of the Ministers' Association and laymen at the Y. M. C. A. yesterday.

That considerable interest is being taken in this great approaching revival was evidenced at the conference yesterday in which all the city churches were represented.

Evangelist Torry is at the head of the Moody Bible Institute, of Chicago, and had previously consented to come to Wilmington in February or March, next year, and all preliminary arrangements have now been completed for the latter month.

Rev. A. D. McClure, D. D., pastor of St. Andrew's Presbyterian church, who has been in correspondence with Dr. Torry for some time, was made chairman of the conference, and after explaining the action of the Ministers' Association at a previous meeting placed a resolution before the body, as to inviting the evangelist and his assistants, which was passed unanimously.

A number of the laymen, as well as ministers, discussed the matter of providing a place to hold these meetings. The Champion Compress, in which Rev. R. G. Pearson conducted a series in 1888 and later Evangelist Moody held a revival, was suggested, but several seemed to think that it will not afford adequate space. The talk of constructing a tabernacle large enough to accommodate the largest of crowds from Wilmington was mentioned and it is believed this step will be taken, if other means are not provided. A committee composed of Rev. T. A. Smoot, Rev. Geo. S. Bearden, and Rev. A. D. McClure, D. D., with two laymen, Messrs. J. Allen Taylor and John F. Littleton, was named to carry out the resolutions in regard to making arrangements. A similar meeting will be held next Fall to report on matters pertaining to a place for the revival and other arrangements.

LOCAL DOTS.

—A building permit has been issued to W. M. Cumming for the erection of a six-room, one-story residence, corner of Nixon and Ninth streets, estimated cost of $600.

—In Justice Bornemann's court yesterday morning John Smith, colored, was given a hearing on a peace warrant sworn out by Dora Armstrong, colored. The justice required him to give $50 bond to keep the peace for two months.

—The meeting of the County Board of Education scheduled to be held at 11 o'clock yesterday morning was postponed until 11:30 o'clock today, one of the members of the board, Mr. Donald MacRae, being unable to be present yesterday on account of the illness of Mrs. MacRae.

—Deeds were filed for record yesterday as follows: Claude Murray to Geo. E. Leftwich, for $1,650, lot on north side of Chestnut, 101 feet west of Sixth street, 33x66 feet in size, and all the buildings thereon; Needham Dudley and wife to C. C. Parker, for $10 and other considerations, lot on Fourth, 231 feet north of Dawson street, 33x97 1-2 feet in size.

—William Murray, colored, was before Justice Bornemann yesterday morning in two cases for assault and battery, his wife being the prosecutor. The defendant admitted slapping her and was let off upon payment of costs. Murray stated to the court that his wife cared more for other men than she did for him and that he had decided to leave her to the other men.

—List-taker Bunting had a tolerably busy day yesterday. Quite a number of citizens visited his office in basement of the Court House and listed their property for taxes. The month is half gone, but not near half of the property owners have listed their property. As is usually the case people are neglecting it until the last of the month, which makes it hard on both the list-taker and the citizens.

GEORGE BELISARY DEAD.

Well Known and Highly Esteemed Members of Local Greek Colony.

His cousins, Xanthos Brothers, of this city, received a letter Sunday evening conveying to them the sad news of the death of young Mr. George Belisary, which occurred May 28th, in the Hotel LaFrance, Athens, Greece, where he was visiting the scenes of his boyhood when the summons came. Belisary, or "George," as he was familiarly known by those who knew him, was a big-hearted, likable young fellow and during his five years' residence in this city made many friends who will be grieved to learn of his death. He was sober, industrious, generous and of most pleasing manner. For a time he was employed at the Delmonico Cafe with Mr. Chas. Anderson, and later engaged in business for himself as one of the proprietors of the Dixie Cafe. A few months ago on account of broken health, he left to visit the old country, but the change did not improve his health and the sad news reached his friends here yesterday.

WHITE WASH FABRICS.

Hundreds and hundreds of yards of snowy billow white, clear and as spotlessly white as the fleecy clouds which hang over the snow-topped mountains. Sheer white Lawns and Swisses, soft lustrous Madras, and sturdy Suitings, of Flaxon, Linens and Linenes. Beautiful fabrics every one that sound the clarion note of desirability in Sumner white stuff. White is always beautiful, always attractive and especially so at this season of the year when the sun nymphs dance on hill and plain. You love beauty, of course you do, then come revel in the beauties of artistic handicraft in beautiful cottons.

WHITE LAWNS.

Nothing ever seems to take the place of white lawn, Winter and Summer alike, but especially when Old Sol hovers overhead it is in great demand.

Its open texture, its sheerness makes it cool and comfortable at all times. Also it stands wear and tear well and for a host of other reasons it is without a peer for shirt waists and similar garments. We have a most complete line, 5c to 25c per yard.

KILLKENY WHITE LINEN SUITINGS
19c Quality Reduced to 12 1-2c.

'Twould be almost like carrying coals to New Castle to describe the beauties and the good qualities of Killkeny Linens to Wilmington women folks. There's not a one who doesn't know of its rugged, never wear out qualities, its ability to meet every test.

For that reason the news of this striking reduction in them should be most welcome. We doubt if they will linger long at the price. If you would save many a dollar toward the vacation fund come early.

WHITE MADRAS.
12 1-2c to 39c.

Madras with its soft, lustrous weave and texture is one of the leading candidates for Miladi's favor. It is here in a host of different weaves and designs ready to tempt with both beauty and price.

Its popularity depends upon its wonderful combination of beauty and strength, its ability to give wear and service. Come look the new stuffs over.

WHITE DOTTED SWISS.

The beauties of the dotted Swiss have been sung in song and story. There seems to be something about this dainty little weave that attracts everyone.

Yet, as one gazes on them, these early Summer days as they lay resplendent in the beauty of early Summer, one soon realizes why they hold so great a charm for even mere man.

The new Summer weaves await you 12 1-2 to 35c.

FLAXON SUITINGS.

The name Flaxon has swept the country from coast to coast and from the lakes to the gulf. Behind everything there is a reason and the reason in this case is thenatural hardihood of the fabric combined with its natural beauty. No sturdier suiting ever left the loom. Certainly none ever looked their worth more. 15c and 25c per yard.

WHITE LINENES.
36 Inches 12 1-2c.

These hardy imitations are well in the van of popular favor this Summer. They are especially adapted for the tailored waists and suits and similar purposes.

Good sturdy threads, closely woven have formed a fabric which only experts can tell from real linen. If you want a fabric that will stand the hard knocks without showing the least wear, you should buy these white linenes.

POLICE AND FIRE COMMISSION

Meeting Yesterday to Receive Uniform Proposals—Excursion.

The Police and Fire Commission, Chairman Wm. E. Springer presiding and Messrs. French, Barry and Woolvin in attendance, was in special session yesterday afternoon at 5:30 o'clock for the purpose of opening bids for the firemen's uniforms pursuant to advertisement. There were a number of bidders from among the local merchants, all of whom were represented in person. Inasmuch as proposals were invited for 14-oz. goods and it was later decided to use the 16-oz. goods, in fairness to all, it was decided to reject all bids and call for new ones, as per advertisement elsewhere in today's paper, each bidder to submit a single sample with price.

Request of the police for their annual outing of one day for the police excursion was discussed at some length and it was finally agreed to allow the men to have this additional day, satisfactory arrangements to be made with the chief as to subs, etc., but inasmuch as the men are given a vacation of ten days during the Summer, it was decided to eliminate this special excursion after this year for obvious reasons.

FOUR FOR "TIGERING."

Three White Women and Negro Helper Arrested by Police Yesterday.

Upon warrants sworn out by Policeman E. L. Smith on information and belief, three white women of questionable character, Gussie Greer, Ninth and Castle streets; Pauline Thornton, 11th and Chesnut, and Lucile Garrason, 12th and Chesnut, were arrested yesterday evening by Officers Leon George, C. G. Jones and E. L. Smith, at their respective places, charged with selling beer in violation of the prohibition law. Each of the defendants was required to give $200 bond for appearance before the Recorder at 11 o'clock today. The arrests are understood to have been the result of some quiet detective work going on for some time.

Last night Policeman H. P. Merritt also arrested Thos. James, colored, alias "Lomack," a negro helper in a store at 17th and Castle streets, charged with selling liquor to W. C. Horne, a white man. He gave $200 bond with W. P. Gafford, Esq., his attorney, as surety, and will be given a hearing before the Recorder today.

NEGRO HURT AT ICE PLANT

Colored Youth Seriously Injured While Playing Around Crusher.

While playing around Mr. J. W. Plummer's ice crusher, 211 North Front street, Sunday morning about 11 o'clock a 16-year-old colored youth by the name of Teachy was seriously injured. According to witnesses he was standing near the driving wheel the spokes of which he was punching with a stick. The stick got hung in the spokes and in its revolutions caught the negro, knocking him against the wall some eight or ten inches away.

He was hurriedly picked up and carried to the James Walker Memorial Hospital, where he was attended by Dr. Ralph B. Seem, who stated last night that so far as he was able to ascertain the negro's injuries consisted of concussion of the brain and a badly affected eye. No bones were broken.

The negro stopped in Mr. Plummer's place to give an order for some ice cream and was carelessly playing with the stick and wheel.

BANKERS' DANCE AT LUMINA

DON'T MISS IT

SUNDAY AT THE BEACH.

Great Crowds at Wrightsville and Carolina—Lumina Music.

The weather Sunday was such as to justify Wilmington people in stealing away from the city and spending a few hours at one of the beaches, and the opportunity of enjoying the delightful sea breezes was taken advantage of by a large number, the largest crowd of the season being at both Wrightsville and Carolina Beach.

The splendid music at Lumina Sunday afternoon and evening proved a drawing card for many. That delightful resort was literally crowded with city folks and beach guests, all of whom were loud in their praise of the music furnished by the orchestra. In the opinion of many competent judges Lumina has one of the best orchestras this year to be found anywhere and the large attendance at each concert is an indication that the efforts of the musicians are appreciated.

The steamer Wilmington carried large crowds on both its trips down the river Sunday. Both the morning and afternoon boat touched at Fort Caswell and not a few went down on the early boat and remained at the Fort until the arrival of the afternoon boat. The day was very pleasantly spent. The largest crowd of the season was at Carolina Beach. The late afternoon boat was crowded with passengers and many remained until the last trip.

ENJOYED CHILDREN'S DAY.

Fine Programme and Well Attended Exercises at Trinity Church.

The observance of Children's Day at Trinity Methodist church Sunday, with a splendid programme of exercises in the evening by the members of the school, which was well attended, proved a day of interest at this church. The church was filled to overflowing and many were turned away.

The exercises consisting of recitations, songs and other features were enjoyed and much credit is due Mrs. J. H. Beery, who had in charge the training of the children. Preceding the evening's programme, Rev. W. L. Rexford, the pastor, made a short address, in which he welcomed the audience, in which he said that at no time in the world's history have the streets of cities and villages been so crowded with bright and hopeful children as at the present time. He further stated that the future history of the church and government must be worked out by the rising children of today. He spoke of the value of child life and that an appreciation of the value is just beginning to make its impression upon this world. The collection for needy Sunday Schools was more than double that of any previous year. A large audience witnessed the programme and went away rejoiced.

Enjoyed Visit to the Fort.

Justice G. W. Bornemann was telling his friends yesterday of the delightful time he had Sunday at Fort Caswell, where he was the guest of the officers of the Wilmington Light Infantry for dinner. The magistrate was surprised at the excellent order which prevailed there all day. He is loud in his praise of the officers of the local company who extended him every courtesy possible. There were quite a large number of Wilmington people at the Fort Sunday, going down on the first trip of the steamer Wilmington and returning in the afternoon. All had a pleasant time.

LOOK OUT FOR FILIBUSTERS

Collectors Instructed to Keep Sharp Lookout for Nanticoke and Tug Despatch, Suspected of Being on an Expedition.

In common with the collectors of all Virginia and North Carolina ports, Collector of Customs B. F. Keith, of Wilmington, has been instructed by the Treasury Department at Washington to keep a look-out for and detain, if apprehended, the steamer Nanticoke and tug Despatch, the latter having been reported in the telegraphic dispatches to the Star Sunday morning from Edenton, N. C., as suspected of being engaged in a filibustering expedition for Venezuela.

The orders to Collector Keith, which were immediately transmitted to Capt. D. P. Foley, commanding the United States Revenue Cutter Seminole, ask that if the suspected vessels come within the district, which extends from Cape Hatteras to Charleston, S. C., that they be apprehended and a report of the same be made immediately to Washington. Capt. Foley said last night that the only orders he had received were through the collector and that unless the emergency arose, he would remain in port until after Thursday. The Pamlico at Newbern, is also looking after the supposed filibusters and if she comes within range will be taken in charge.

The government's aid was invoked because of persistent rumors that ex-President Castro's friends were planning a hostile expedition against President Gomez's government and it was alleged that 10,000 or 15,000 stands of arms had been shipped from Belgium to America for this expedition. The promotors of the enterprise realized the impossibility of transhipping these arms at any Atlantic port and are supposed to be taking advantage of an interior port of entry, whence they would be transported quietly to some small South Atlantic port and shipped to Venezuela. It was discovered that two vessels suitable for filibustering purposes had been sold by a New York brokerage firm to unknown parties and one was found to be the Nanticoke, located at Edenton. It is claimed that the vessels are for peaceful trade upon some of the inland waters of Venezuela and while there is no warrant for the seizure of the vessel, she would probably be searched carefully if she should be overhauled.

Beaufort, N. C., June 14.—A telegram was received here late this afternoon from the Mayor of Franklin stating that the steamer Nanticoke, which is at Franklin, is loaded with coal and awaiting instructions. The steamer was completely "bottled up" and could only get to sea via Ocracoke Inlet. A gale was blowing from the southwest and if she could get out of the inlet the small craft could not stand against the wind and sea.

MARRIED SUNDAY AFTERNOON.

Miss Bessie Brady Becomes Bride of Mr. Clair Fisher.

At the Church of the Good Shepherd at 6 o'clock Sunday afternoon, Miss Bessie Brady, the attractive daughter of Mrs. Sarah Brady, of 506 Church street, became the bride of Mr. Clair Fisher, of Wytheville, Va., the ceremony being performed by Rev. Wm. E. Cox, rector of St. John's Episcopal Church. The beautiful ring ceremony of the Episcopal Church was used. The church was well filled with admiring friends and relatives.

The bridal march was skilfully rendered by Miss Helen Hopewell. The bride, who was becomingly gowned in tan silk, entered on the arm of her uncle, Mr. R. H. Brady, who gave her away. Miss Ella Brady, the maid of honor, wore silk batiste and carried pink carnations. The bridesmaids, Misses Beulah Berry and Edith Brady, were attired in white silk. Little Misses Nettie Ellis and Dorothy Ellis were the flower girls and Juby Brady and Ernest Thomas were the ribbon bearers. The bridegroom was attended by his best man, Mr. Ralph Eakins. The ushers were Messrs. Gordon Brittain and A. C. Edwards.

Immediately after the ceremony, the happy couple drove to the union station, where they boarded the 7 o'clock northbound train for Norfolk, Va., where they will spend their honeymoon. The best wishes of a host of relatives and friends follow the young couple.

ROBBERY CASE IS DISMISSED

No Evidence Upon Which to Hold Negroes for Breaking Into House. Twelve Negro Gamblers Sentenced by Recorder.

In the Recorder's court yesterday morning the warrants against William Galloway and John Gilmore, colored, charged with breaking into the residence of Messrs. N. B. Kemp and D. T. Chason, 201 Church street, Saturday afternoon, were withdrawn at the request of Mr. Chason, who stated that they had been unable to secure sufficient evidence to hold the defendants.

As stated in Sunday's paper the house occupied by Messrs. Kemp and Chason was entered Saturday afternoon and $16.80 stolen from Mrs. Chason and two rings from Mrs. Kemp. Suspicion rested upon Galloway and Gilmore, who had recently been employed about the house, and the negroes were arrested Saturday night. The officers were unable to secure any evidence connecting the negroes with the crime.

The court room was well filled with spectators, being one of the largest crowds that has attended a session of the Recorder's court. A case of considerable interest to the colored population was the trial of 12 members of their race for gambling, having been caught at Tom Williams' home, on Eighth street, between Dawson and Wright streets, about 3 o'clock Sunday morning by Officers G. W. Coleman, W. G. Brinkley, R. L. Rouse and O. P. Stucky. It was reported to the officers some time ago that a number of negroes gathered at Williams' for the purpose of gambling, but not until Sunday morning were they able to work a ruse by which they could capture the offenders. Sunday morning the officers got a negro to enter Williams' place and leave both the front and back door unlocked. The officers followed closely behind and had no trouble in capturing them red-handed. Two decks of cards were found in the room and about $1.50 in money. The negroes had been playing what is known as the "skin" game. The names of the defendants all of whom submitted are Walter Guion, Thomas Guion, Charles Robinson, Wm. Spencer, John Mitchell, James McKoy, Bud Wade, Bert Green, Thomas Williams, James Kelly, Simon Brown and Geo. Robinson. Judge Furlong sentenced the prisoners to pay a fine of $10 each and their proportionate part of the costs or serve a term of three months on the county roads. Eight of the defendants have paid the costs and were released. Others may do so later.

E. E. Brock, a white man, was let off upon payment of costs in a case against him for drunkenness. Joe Brewington, colored, for drunkenness had to pay the costs. John Brown, colored, for disorderly conduct, was released upon payment of costs. Jordan McIver, a white man, was arraigned for drunkenness. Judgment was suspended upon the condition that his behavior in the future is to be perfect.

Court was of short duration, lasting less than an hour.

MARRIED IN INDIANA

Mr. R. B. Boney Wins in Hoosier State.

Information has just been received here of the marriage in Auburn, Indiana, last Monday of Mr. Robert B. Boney, of this city, son of Mr. and Mrs. J. W. Boney, of 810 Orange street, and Miss May Walsh, of that place. The ceremony was performed at the home of the bride's mother, Mrs. Daniel McMinn by Rev. A. O. Musgrave, pastor of the Church of God, in which church Mrs. Boney has been a devoted worker for some time. She was a teacher in the city schools in Auburn and widely known and highly esteemed.

Their acquaintance which culminated so happily for them was formed some two years ago through mutual friends. The bridegroom is a splendid young business man and has a host of friends in Wilmington who will be interested to learn of his marriage. Mr. Boney may locate in Indiana.

REV. DR. MILTON ACCEPTS

Prominent Roanoke, Va., Divine Announces Acceptance of Rectorship of St. James' Episcopal Church.

The announcement yesterday that Rev. Dr. William Hammond Milton, of Roanoke, Va., had decided to accept the call recently tendered him to become rector of St. James' Episcopal Church, this city, was received with more than the usual degree of pleasure not only by the members of the congregation but all who heard him when he filled the pulpit at St. James' a few weeks ago.

Dr. Milton informed the congregation of St. James' Episcopal Church, Roanoke, Sunday of his decision to accept the call to Wilmington. He has been rector of the Roanoke Church for the past ten years and his congregation will bring great influence to bear to retain him there. He is one of the most learned and popular ministers in Virginia and his removal would be a great loss to Virginia while it would be a great gain for North Carolina in general and Wilmington in particular.

Dr. Milton was born at "Hampton," Clark county, Virginia, near Berryhill, in October, 1868. He graduated from the Virginia Military Institute and afterwards took the theological course at the Theological Seminary at Alexandria, Va., the celebrated institution from which Phillips Brooks and other noted divines received their training. After leaving the seminary Dr. Milton went to Baltimore, Md., where he was pastor of a prominent church for five years when he accepted the call to Roanoke, where he has been ever since. He has done great work in Roanoke and the church will give him up reluctantly.

It has not been learned here when Dr. Milton expects to move to Wilmington and take up his new duties.

THE FILIBUSTER.

Rifles Packed in Piano Boxes and Loaded at Franklin.

(By Wire to the Morning Star.)

Norfolk, Va., June 14.—Packed in piano boxes and ready for shipment on a filibustering steamer bound for Venezuela, a quantity of rifles and ammunition, evidently destined for Cipriano Castro's revolutionists was discovered at Franklin, Va., today.

The rifles are believed to be a part of the 15,000 Mauser weapons shipped from New York to St. Louis and back to Franklin, billed as pianos and packed to weather the trip to South America. The filibuster suspect steamer Nanticoke was lying near Franklin and in the Black Water below the steamer was her consort, the tug Despatch.

The revenue cutter Pamlico is blockading the two suspects and it is not believed that either could pass here even in the darkness, although there were persistent rumors that an attempt would be made to get away. Orders have been issued from Washington to take prompt action in case the steamer should lift anchor.

SPIRITS TURPENTINE

—Rockingham, June 13.—The Post, a newspaper that was published here for the first time some five months ago, has installed a new Babcock power press and folder. The Post has had remarkable success for a new paper. Sometime in the near future it expects to be an eight instead of a six column paper.

—Washington Correspondence Charlotte Observer, June 12: Word to the effect that an anti-Taft organization is developing in the Republican camp in North Carolina has reached the White House and the recording pie-counter clerk has made a note of it. A list of the names of the organizers is disired. Rumor has it that in the sweet by and by Postmaster General Hitchcock, who is said to be disliked by the President, will leave the Cabinet and retire to private life. Ths would be a fatal blow to the North Carolna powers that be for it is Hitchcock that is standing by them. The anti-Taft people may find themselves out in the cold before many moons have fulled.

—Belmont, June 13.—Bishop Haid on account of failing health is directed by his physicians to go abroad this summer. He and Father Eugene Egan are booked to sail on the Arabic, of the White Star Line, on June 26. They will take a prolonged tour through Ireland, Scotland and England and return on the Cunard steamer Caronia on August 17th. Rev. Eugene Egan left for Atlanta to visit relatives before sailing for Europe. From June 14 to 18 Spiritual Retreat will be conducted at the Belmont Abbey by Bishop Haid. All the fathers connected with the abbey will attend. At the Sacred Heart Convent the retreat will be conducted by Very Rev. F. Felix. The sisters from Wilmington, Raleigh, Charlotte and Asheville will attend. Rev. F. Willibald has left for Flushing, Long Island, New York, where he will spend the summer.

—Greensboro, June 12.—W. R. Boulden, a tenant farmer of Jefferson township, in the eastern part of the county, was given a hearing before Justice Collins this afternoon on the charge of operating an illicit distillery and held for the Superior Court under a bond of $300. This case is of special significance by reason of the fact that Boulden is the first man to be arrested by the county authorities for blockading under the new State prohibition law. The arrest was made by Deputy Sheriffs Weatherly, Shaw and Crutchfield, who had previously located the still on a branch a few hundred yards from Boulden's cattle barn. Boulden swore positively that he knew nothing of the existence of the still until two days prior to the visit of the officer. He admitted that he had been engaged in the distilling business in previous years, but denied that he had ever blockaded. The case will be heard at the criminal term of Superior Court next week.

—Washington Correspondence Charlotte Observer: "Some time ago Governor Glenn said something to this effect: That if the people needed him to redeem the fifth district they could get him. Many North Carolinians believe that the Winston-Salem man thinks that he hears voices crying in the wilderness; he may be right. Dr. George A. Mebane, who also has a keen ear for such things, imagines that the call is for "George" not "Bob." There are others who hear noises. The fifth district went "wet" in the State-wide prohibition contest. Governor Glenn went "dry" a long time ago and Dr. Mebane followed suit. If a majority of the voters of the fifth fre still "wet" something of a surprise may await either Dr. Mebane or Mr. Glenn. The wet man with the big stick does not let opportunities for making base hits go by. A snake is a snake to him. Henry Lilly Cook, I am informed, will be a candidate against Mr. H. L. Godwin next year."

—Charlotte, June 13.—At a meeting Saturday of the United Brick and Tile Company, it was decided to increase the capitalization of the concern, to $60,000 in order to make possible the establishment of another and a bigger plant at some stone centre of the State. Crushed stone, the material from which the products of this concern are manufactured, does not abound in such quantity here as to enable the company to keep up with the demands of the trade. The local plant will be continued, but the directors expect to establish a larger concern at one of several points now being considered. The Unit Brick and Tile Company manufacturers the brick and roofing tile invented and patented by Mr. F. McM. Sawyer, formerly an architect of this city. The brick is claimed to be much cheaper than the common brick and competes favorably wit frame struture, at the same time furnishing a more artistic effect. The Southern Power Company has adopted the material for its buildings and a number of sub-stations of this company are being constructed out of the material turned out by the Unit Brick and Tile Company.

A Thrilling Rescue.

How Bert R. Lean, of Cheny, Wash. was saved from a frightful death is a story to thrill the world. "A hard cold," he writes, "brought on a desperate lung trouble that baffled an expert doctor here. Then I paid $10 to $15 a visit to a lung specialist in Spokane, who did not help me. Then I went to California, but without benefit. At last I used Dr. King's New Discovery, which completely cured me and now I am as well as ever." For Lung Trouble, Bronchitis, Coughs and Colds, Asthma, Croup and Whooping Cough its supreme. 50c and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, June 14.—The cotton market made a generally firm showing today and closed steady at a net advance of 8 to 10 points. The opening was steady at an advance of 5 to 11 points in response to better cables than due, talk of further rain in the central belt, and a bullish crop report indicating an unfavorable condition and an acreage reduction of five per cent. from prominent New Orleans authority.

Immediately following the call prices eased off to within 2 or 3 points of Saturday's finals under local selling for a turn and realizing by some of last week's buyers, but the market received good support from certain spot people and other prominent brokers and prices soon firmed up again. A good bany private reports were received concerning the undesirability of the further rains in the Mississippi Valley districts, Very strong southern markets and while buying did not become general or particularly active the market gradually worked higher with July contracts selling at 10.87 and December at 10.91 or about 10 to 12 points net higher. The close was only a little off from the top as a result of realizing.

Detailed weather reports showed that showers had been quite general in Central and Western sections of the belt over Sunday, and that in some instances precipitation had been quite heavy. There was nothing in this showing which would have attracted much attention were it not for the fact that a week or so ago the central belt was complaining of excessive moisture. The steady showing of the Liverpool market was considered a reflection of trade sentiment at that point regarding proposed short time in Manchester. Southern spot markets were generally unchanged to 1-8c higher.

Receipts at the ports today were 9,056 bales against 9,750 last week and 7,136 last year. For the week 35,000 bales, against 51,323 last week and 53,995 last year. Today's receipts at New Orleans 1,875 bales against 2,131 last year and at Houston 1,161 bales against 1,620 last year.

Spot cotton quiet 15 points higher; middling uplands 11.35; middling gulf 11.60; no sales.

MARKET GOSSIP.

(By Wire to the Morning Star.)

New York, June 14.—There was further shrinkage in the volume of the stock market today, following the tendency of last week. Efforts for speculative element to effect profit taking sales to take advantage of any outside demand attracted by the week-end influences forced a decline after the opening owing to the meagre proportions of the outside demand. The entire unresponsiveness of the general market to the impressive advance in United States Steel proved a striking feature of the day's transactions.

The obstinate inertia of the general list seemed to proclaim the hopelessness of any effective action of prices and had much to do in causing the discouragement of efforts to move the market which was responsible for the practical stagnation of the late dealings. The accumulation of United States Steel was most persistent and aggressive both for home and London account. Amalgamated Copper passed from under the depression which has held it for several days and moved upwards, in spite of another decline in London and unfavorable opinions on the trade position reported from Paris. Union Pacific made some show of strength but Southern Pacific was heavy helping the confusion of speculative sentiment. Much gratuitous information in the shape of tips distributed before trading began went wrong today and this was another factor in keeping sentiment unsettled. Outside of United States Steel the most conspicuous stock in the day's dealings was Wabash preferred. The rise in that stock to 61 1-4 was accompanied by circumstantial reports of a coming absorption by the Lackawanna with a guarantee of a dividend on Wabash preferred as a compensation. While circumstantial and persistent, this report was without any confirmation.

Bonds were irregular. Total sales par value $5,370,000. United States bonds were unchanged on call. Total sales today 755,900 shares.

FINANCIAL MARKET.

(By Wire to the Morning Star.)

New York, June 14.—Money on call easy 1 1-2 to ' per cent., ruling rate and closing bid 1 7-8 offered at 2. Time loans softer, sixty days 2 1-2 per cent., and ninety days 2 3-4 per cent. Women Who Are Envied.

Those attractive women who are lovely in face form and temper are the envy of many, who might be like them. A weak, sickly woman will be nervous and irritable. Constipation or Kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. For all such, Electric Bitters work wonders. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion. Many charming women owe their health and beauty to them. 50c at R. R. Bellamy's.

—Washington Correspondence Charlotte Observer, July 12.—The North Carolina Senators took prominent parts in the work of the Senate today. Mr. Overman made a speech that attracted considerable attention and Mr. Simmons secured an important amendment. Senator Simmons secured an amendment to the free list schedule of the tariff bill last night which may be of considerable importance. The provision referred to allowed sacks in which wheat had been shipped abroad to be re-imported into this country free of duty, and upon Senator Simmons' suggestion the committee inserted a provision so as to include the coverings of cotton. Senator Simmons stated in his speech to the Senate that he was advised that there were mills in North Carolina working over the old coverings of cotton, and that, if this old bagging was permitted to be returned free of duty, this might become an important industry as the old bagging could be worked over at very little cost. He said he understood a good deal of this worked over bagging was being used in the South. Mr. Simmons has been invited to attend the annual celebration of Tammany Hall, July 5, and deliver an address, but has declined, and also to deliver an address at the University of Pennsylvania next spring. He will probably accept.

STIEFF

Official Piano of the Jamestown Exposition. "The Piano with the sweet tone." Can you believe what you see with your own eyes, and hear with your own ears? Is it not a notable fact that the STIEFF Piano has been and is being used by every Musical fete in this city of late? Is it because they cannot get other pianos? Not by any means, it is because the STIEFF is the piano of quality, rich, melodious, easy of action, responsive, brilliant without harshness and especially adapted to accompany the human voice. Artists recognize these unsurpassed qualities of the STIEFF.

We also make the Matchless Shaw and sell it to you direct from factory at one profit, just as we sell the STIEFF; easy payments if you wish—you would not feel the cost, which is very small for such high-grade instruments. We sell cheaper pianos, which are fully guaranteed. Call at your home piano store and select the one you like best. We will take your old piano or organ in exchange and allow full value. Investigate. BASE BALL

(By Wire to the Morning Star.)

Washington, June 14.—The Detroit baseball team, champions of the American League, was received by President Taft in the East room of the White House this afternoon. Each member of the club was introduced to the President by Representative Denby, of Michigan, whose home is in Detroit. When Ty Cobb who led the league in batting last season was presented to him, the President grasped the hand of the Georgian warmly and said: "I believe you and I are fellow citizens of Augusta, Mr. Cobb."

Cobb modestly replied that he was proud to be a citizen of Augusta and a fellow citizen of Mr. Taft.

"The only difference between us," responded the President with a broad grin, "is that down there they think you are about twice as big a man as I am."

CONFERENCE AT ASHEVILLE.

Students of the Y. W. C. A. in Session. 255 Delegates.

(By Wire to the Morning Star.)

Asheville, N. C., June 14.—The Southern Students' Conference of the Y. W. C. A. settled down to the business of the conference today, 355 delegates from the various Southern States being present.

The sitting of the president's council, the mission study class for city workers, the general meeting of the State delegates and the general mission study classes, were the main features of the morning. The general discussion was led by Miss Elizabeth Sinclair, a returned missionary from India, and Dr. Angle Myers, who did similar work in China.

A meeting of the executive committee of the conference, a reception for delegates at Victoria Inn, and the student volunteers meeting took up the afternoon and night sessions. Plans for better educational equipment and the requisites for effective work in foreign missionary fields were discussed at the volunteers' meeting.
